ANNUAL

Report of Health Officer.

GENTLEMEN:—

During the past year the town of Plainfield has been very free from contagious diseases, only thirteen having been reported, as follows: typhoid fever, nine, one fatal; scarlet fever, three; diphtheria, one; total, thirteen.

No epidemic has occurred during the year, and we have been free from small pox. No efforts are being made in the town to restrict the spread of pulmonary consumption.

During the year have investigated six cases of nuisances. Five have been abated. The time limit for the sixth has not yet expired.

The case of the Plainfield hotel was unnecessarily prolonged. The final order was sent in May 1904, and complied with, the property having changed hands meanwhile. Three analyses of this water were made on the following dates: Aug. 6, 1903, Dec. 30 and April 26, 1904. The first analysis showed large sewerage contamination, and the presence of colm bacilli (the bacillus of typhoid fever.) That no cases of typhoid resulted from the use of this water was simply the good fortune of the persons using it. The last analysis showed some improvement over the former ones, but still showed a large sewerage contamination. To quote the words of Herbert E. Smith, M. D., State Chemist, "In my opinion these results (the analysis of April 26, 1904,) indicate that the water is not a suitable one for drinking."

There is a sewerage system installed in Wauregan, sewerage the Company's property. Moosup is *decidedly* in need of a public sewerage system. This could easily be done owing to the natural facilities at hand and would make this village freer from contagious diseases, especially typhoid fever. Such a system would do away with the present cess-pools and privy vaults, which are always a source of trouble, and which at their best are very unsatisfactory.

REPORT OF HEALTH OFFICER.

During the year the number of vaccinated children in the public schools was ascertained. Number of pupils vaccinated, 505; number of pupils unvaccinated, 233; absent, six; total, 744. This shows a too large—and even dangerous—per cent. ($33\frac{1}{3}$) of unvaccinated school children in a town liable to epidemics of small pox. It is up to the School Committee to remedy this by obliging all school children to be vaccinated, as provided in Sec. 2161 Revised Statutes.

I made an inspection of all the railroad stations in the town in December, 1903, at the request of the County Health Officer. Defects and deficiencies were noted and were remedied by the Company.

I had the pleasure, by appointment of the County Health Officer, to represent the Town Health Officers of Windham Co. on a committee to formulate uniform rules or regulations of quarantine. The idea was that a person or persons, when quarantined, should be quarantined the same and be subject to the same restrictions whether in Plainfield or in any other town in the state. Three meetings of this committee were held, one in Oct. 1903, the second in December, 1903, and the last in February, 1904. Much benefit was derived from these meetings, and the results of the committee's work will soon be apparent.

THE ANNUAL

Report of the School Committee

—OF—

THE TOWN OF PLAINFIELD,

—FOR—

The Year Ending July 14, 1904.

The following are the members of the Committee, and the dates when their terms expire:—

W. S. Simmons	Oct. 1, 1904.
J. H. Broderick.....	" "
Charles Bragg	" "
W. H. Kenyon	" 1905.
J. E. Prior	" "
D. F. Greene	" "
S. H. Fellows	" 1906.
W. Tillinghast	" "
Joseph A. Smith	" "

Our schools have had an unusually successful year with little interruption from sickness or inclement weather.

Only three new teachers were employed: Miss J. Maud Olin in Pond Hill in place of Miss M. Murphy, transferred to the fifth room, Moosup; Miss Clara L'heureux in Green Hollow in place of John Dunn, and Miss Grace E. Witter in place of Mrs. Frederick Lyon on Black Hill.

The standard of former years has been maintained, and in some branches of study, as spelling and history, there has been a decided advance.

REPORT OF THE SCHOOL COMMITTEE.

The memorizing of rules has more and more given place to a practical application of principles, so that a pupil has not been struck dumb if asked to give a reason for the work he has done.

Pupils are not always advanced as fast as parents think they should be; but the visitor and teacher ought to know (and do know) better than the parent when the child is ready for another book or another grade; especially when the parents never visit the school to judge of their child's progress, and of his standing in his class.

The number enumerated in town Oct. 1, 1903, was 1,226, an increase of twenty-six over the previous year. The number registered in the schools was 932, an increase of ten.

The average attendance was 645, an increase of nineteen.

The cost per scholar, according to registration was \$16.82 as against \$17.58 of the previous year, and the cost per scholar according to average attendance was \$24.33 against \$27.85 of the year before.

The number of rooms occupied was twenty-three, and the teachers employed twenty-four.

The crowded condition of the Moosup schools has rendered it necessary to seat the vacant room, and to fit up a room in the hall of the main building as a recitation room for the principal.

The average attendance in Moosup was 387, an average of fifty-five for each teacher.

It may be of interest to compare the cost of our schools with those of the West Chelsea District, Norwich:

Enumeration of West Chelsea	1,141
" Plainfield	1,226
No. school rooms W. Chelsea.....	20
" Plainfield	23
No. of teachers W. Chelsea	24
" Plainfield	24
Teacher's wages W. Chelsea	\$9,736.39

KINNE PRIZE.

The committee to award this prize was Rev. S. M. Beale and Rev. J. G. Stanton.

There were fifteen contestants: Ernest Wilde, Ruth C. Johnson, Beatrice Atwood, Eugene McGee, Florence Baton, of Wauregan; Rose Beaudry, of Central Village; Willis Carroll, Harry Dixon, Raymond Sargent, Alice E. Ray, Helen J. Palmer, Evelyn C. Cranska, Willie J. Barr, Bessie Hutchins, Eva Mason, of Moosup.

The prize was awarded to Rose Beaudry, of Central Village, with Ernest Wilde and Ruth C. Johnson in close competition.

REPORT OF THE SCHOOL COMMITTEE.

HIGH SCHOOL PUPILS.

Twenty-six from town attended the Killingly High School, and four the Norwich Free Academy.

Those who attended Killingly High School were: Charles H. Byles, Rose Seguin, of Central Village; Gertrude Anderson, Mary Smith, Bertha Stone, Clyde Miller, Joseph Smith, Daniel Smith, George Sanderson, Fred Pierce, from Green Hollow; Ethel Swan, Fred Swan, Pearl M. Smith, Bessie Westcott, Blanche Hughes, Arthur Moffitt, Ida May, Wood, from Wauregan; Dan Bitgood, Howard Johnson, Evelyn Salisbury, Florence Martin, Clifford Kenyon, Samuel Barr, Willis Lowe, James Brundsen, from Moosup; Karah Colvin, from Plainfield.

At Norwich Free Academy: Alice Beale, Howard Kenyon, from Moosup; James Coffee, Henry Arnold, from Plainfield.

The tuition of the thirty pupils amounted to \$1,212.72. Of this \$808.50 was paid by the state and \$404.22 by the town.

The transportation of these scholars amounted to \$789.75. Of this the state paid \$391.46 and the town \$398.29.

The whole cost to the town for High School pupils was \$802.51.

There were two pupils from our town in the graduating class of Killingly High School: Ethel Swan and Fred Pierce.

LIBRARIES.

Eighty-five dollars was received from the state, and a like amount from the town was expended for globes, maps, books, etc. Each school received its proportionate share.

VISITATION.

Two days were granted the teachers for visiting other schools, and their reports to the secretary show that the time was well spent, and practical benefits have been derived from such visits.

TEXT BOOKS.

Mowry's First Steps in U. S. History, and Gordy's Advanced History were introduced during the year in place of Barnes' two book series; and Conn's Physiology to take the place of the Authorized Series. The increased interest in these studies proves the wisdom of the change.

Six scholars from the south part of the town were furnished transportation to the Plainfield school at a cost of \$103.20.
